2017 Lovie's Rosé Wine

Our first Rosé has bright acidity with a wild flower and red berry bouquet and pink grapefruit, raspberry, peach and strawberry palate. This very special Rosé Wine is made from Rosé-specific Primitivo clones harvested at 22 Brix. We pressed the juice directly into neutral French Oak barrels, no skin contact, and allowed the native yeast to yield a slow and cool fermentation process. The finished wine went directly to bottle with no malolactic fermentation. This process added structure and complexity to our Lovely! Rosé that makes this a great food pairing wine. Enjoy!

Harvest Date: 08/22/2017
Bottled: 01/15/2018
Barrel Regime: 3.5 months,
neutral French Oak
Finished Wine: 13.5% alcohol
Fruit Source: Alvarez Vineyard,
2,200 foot elevation
